Apply for a subsidy!

Are you an entrepreneur from the manufacturing industry and would you like to settle in Rotterdam? Or are you already based here, but you would like to renovate or expand your premises? Then this subsidy scheme may just be the thing to give you that little push towards realising your ambitions!

The Municipality of Rotterdam wants to use this subsidy scheme to help companies from the manufacturing industry to move into or renovate their desired location, in order to create jobs and contribute to the transition towards a clean and circular economy.

What is the subsidy amount?

You can apply for a subsidy for a contribution towards the costs of construction work of a commercial space or for the rental costs of a commercial space during the first year of the lease contract. A subsidy for construction work will amount to 30% of the costs, with a maximum of €200,000. A subsidy for rental costs will amount to

30% of the first twelve months' rent, with a maximum of € 75,000.

Subsidy scheme duration

The total subsidy amount available is € 3.36 million. Applications can be submitted until 30th September 2025.

Am I eligible for the subsidy?

The scheme is intended for companies in the manufacturing industry with a minimum of two and a maximum of 249 employees and a turnover of no more than €50 million. We will also check whether applicants are taking demonstrable steps towards running a circular and climate-neutral business.

How do I apply for the subsidy?

You can arrange for a consultation with the policy advisor to discuss your application. Collect all documents required for the application and apply for the subsidy. You'll also be able to find the full subsidy conditions on the website:
