## About Theater Zuidplein

### Today's stage

Theater Zuidplein is NOW's stage with theater that touches you. The theater is the most hospitable and accessible stage in the Rotterdam region that realizes and presents performances about the world of NOW. We believe it is important to allow a reflection of society to enjoy theater: current topics that matter.

The theater program, the price of the tickets and the high level of service are therefore tailored to people with the most diverse backgrounds. We are there for people from diverse cultures, for people with a small budget and for whom it is less obvious to visit a theater. Audiences come to Theater Zuidplein to find out who they are, to celebrate who they are and/or to discover what they think about something.
