About Brasserie Euromast

The Euromast, designed by Rotterdam architect HA Maaskant, is an iconic structure and, with a height of no less than 185 meters, one of the tallest buildings in Rotterdam. Brasserie Euromast is located at a height of no less than 92 meters. In addition to the beautiful view, guests can enjoy brunch, lunch, dinner, high tea or a selection of wines here. Weather permitting, you can see up to 30 kilometers away! In addition, the Brasserie is also an excellent location for large groups and events. The various rooms can be rented exclusively and can be arranged entirely according to your wishes, accommodating a maximum of 350 people.

With a focus on sustainability and future-proofing, the Euromast has joined 'Het Nieuwe Nassen'. This is a Rotterdam movement that promotes circular and sustainable entrepreneurship. The Euromast has the Golden Green Key Certificate for sustainability and collaborates with various initiatives to combat food waste.

The Brasserie Euromast not only offers a varied menu, but also a versatile experience for visitors of all ages. Whether you come for a romantic dinner, a business meeting, or a nice get-together with friends; on the Euromast you make every moment special. Discover for yourself the unique mix of Rotterdam flavors, creativity and sustainability high above the city on the Euromast.
