About Ringelberg Touringcars

Ringelberg Touringcars has been a true family business since 1924. Until 1960, the company was located at the Hordijk in Rotterdam IJsselmonde, after which it moved to the Essendijk in Rhoon. In 2000, the next move took place to the Leerlooierstraat in Hoogvliet – Rotterdam (industrial estate Gadering), and since 2020 the company is located in a new, modern building on the same street.

The company serves all segments of national and international passenger transport. This varies from exclusive foreign holiday trips, day trips, school trips and scheduled services to shuttle services, public transport solutions and high-quality 24/7 contract transport on behalf of companies, institutions and governments. The representative and skilled drivers ensure that passengers reach their destination in a safe and comfortable manner.

Ringelberg Touringcars works according to the NEN-EN-ISO 9001:2015 standard and the Quality Standard Bus Transport Netherlands. All requirements of this standard have been demonstrably implemented in the quality management system of the organization. This provides clients with the certainty that they will receive what they order and that the organization is continuously working on further optimization of the service. Every year, the practical implementation of the primary process is audited by Dekra Certification, whereby the effectiveness of this process is determined.
